

Kindergarten Screening

Screenings will be held at Maroa Forsyth Grade School on Thursday, March 14th & Friday, March 15th from 8:20-2:20. To be eligible, a child must be 5 years old on or before September 1, 2018. For an appointment, please contact Maroa-Forsyth Grade School at 877-2023, option 3.

Pre-Kindergarten Screening

Screenings will be held at Maroa Forsyth Grade School on Thursday, April 25th & Friday, April 26th from 8:30-2:30. Screenings will be held for children who will be ages 3&4 by September 1, 2018. For a child to be a part of our Pre-Kindergarten program, they **MUST** be screened. For an appointment, please contact the Grade School at 877-2023, option 3.

Birth-Age 3 Developmental Screenings will also be available on these dates.

Bus Behavior

Students are expected to follow bus rules when on the bus. The expectations for bus behavior are to Keep your back and bottom in the seat. To keep your hands to yourself and to keep your voices low.

Please talk with your child about bus expectations. Good behavior improves safety for all!

Jump Rope for Heart

WOW! The Grade School students raised a little over \$13,000 to fight heart disease through Jump Rope for Heart activities. It warms my heart to see the Maroa-Forsyth community participate in such a special cause.

The top fundraisers will be able to play egg roulette with the staff. These students will be able to choose an egg that will be smashed on a staff member's head.

The efforts of our community earned over \$700 to be spent on PE and health equipment from the American Heart Association.

LOVE & LOGIC

If you are like many parents, you face challenges with your kids. Like parents across the globe, families are busy with work, kids activities, meals, and balancing other obligations. There isn't always time to seek out learning opportunities to help with parenting. If you would like some practical, quick, easily accessible parenting tips, check out loveandlogic.com. Love & Logic can send you weekly emails with quick parenting tips like: how to end arguing, how to teach empathy, how to avoid power struggles, how to monitor electronic devices, how to use praise, balance attention, and many other topics.
